

Tree of Life HSOC Donor Wall

Honor your loved ones.....

A beautiful way to remember or honor a family member, beloved pet or business. This tree will celebrate those who have given hope to the animals

Make a donation to a HSOC's building fund by purchasing a leaf on our Tree of Life that will decorate the lobby of our new building. This work of art is handcrafted by local artist Stephen Winter. The Humane Society of Oldham County desperately needs a new home. We have long ago outgrown the small outdated, unsafe facility we currently rent. We provide low-cost spay and neuter clinics to those who cannot otherwise afford it and to other rescues who depend on this service and find loving homes for countless animals in our area.
